The Department has a zero-tolerance for domestic violence and prohibits any type of aggressive behavior or violence by any individual, especially while in its offices, facilities, worksites, or vehicles, or during the performance of state business.

b. The Department is committed to heightening awareness of domestic violence. The Department seeks to offer support, assistance, and confidentiality for those employees who disclose concerns or request assistance related to domestic violence.

c. The Department recognizes that domestic violence is a criminal activity with arrest and criminal prosecution as the appropriate response. No employee is exempt from the consequences of their actions that result in arrest or conviction, or other criminal or judicial action caused by their domestic violence.

d. No person shall be denied opportunities for employment, benefits or advancement because he or she is or has been the victim of domestic violence.

e. This policy shall not be construed to conflict with any state or federal law to the contrary, including, but not limited to, employees who (as a condition of employment) are subject to employee security checks pursuant to section 110.1127, F.S.

f. An employee who is a victim of domestic violence shall be permitted to take up to three (3) work days of leave (annual leave, compensatory leave, sick leave if eligible, or authorized LWOP) from work in any 12 month period to pursue court action and legal remedies, obtain medical care and/or counseling, obtain domestic violence services, make their home secure and safer, or to seek new housing to escape from violence or threats, or harassment. All information relating to the employee’s leave is confidential. Supervisors should work with employees on a case-by-case basis and as work load allows on use of additional leave, if needed.

1-6. **Responsibilities.**

a. **Victim.**

   (1) An employee who is a victim of domestic violence is encouraged to inform his or her immediate supervisor or employee relations representative so that appropriate measures may be taken to insure they are made aware of available options for domestic violence services. An employee is especially encouraged to disclose to her or his immediate supervisor or employee relations representative if they have an injunction for protection so the Department may take appropriate safety and security measures.

   (2) The Department encourages employees to seek assistance from their local domestic violence center. Services include emergency shelter, safety planning, advocacy, counseling,
support groups, and other services. A list of Department certified centers may be found on the Florida Coalition Against Domestic Violence website at:

b. Abuser/Batterer/Perpetrator.

(1) An employee may be subject to disciplinary action, up to and including dismissal, in accordance with the Department’s Standards of Conduct in CFOP 60-55, Chapter 1, if the Department has verification that the employee is responsible for:

(a) Committing any offense that constitutes an act of domestic violence as defined in Section 741.28(2), F.S.; or,

(b) Failing to notify his or her supervisor immediately if during normal working hours or immediately on the next business day if after normal working hours if he or she has been arrested or an injunction or other court action is taken involving a domestic violence incident; or,

(c) Using any state resources to threaten or commit an act of domestic violence. State resources include, but are not limited to, workplace telephones and cell phones, facsimile machines, copy machines, computers, state vehicles or rental cars used for employment purposes, or equipment used in the scope of employment (e.g., state purchase cards, etc.)

(2) An employee may be required (mandatory referral) to contact the Employee Assistance Program as soon as practical for assessment and referral to a batterer intervention program for completion of said program. A list of programs may be obtained from the Family Court Administrator and/or Domestic Violence Coordinator in the local Circuit Court Administrator’s Office. Contact information may be found at:

http://www.flcourts.org/courts/circuit/circuit.shtml

In accordance with Section 741.325(6), F.S., the employee is solely responsible for payment of all costs associated with program participation.

c. Supervisor.

(1) It is the supervisor’s responsibility to provide a supportive workplace environment and to maintain confidentiality by only informing those individuals who have a legitimate business need-to-know, and to ensure a safe workplace if there are threats to the safety of the workplace. The safety of all concerned is the number one priority. The supervisor should inform his or her manager and the servicing employee relations representative who will serve as a resource on how best to manage the situation.
When the supervisor becomes aware of an employee's domestic violence situation, the supervisor should encourage employees who are victims to seek assistance from their local domestic violence center or EAP. A list of Department certified centers may be found on the Florida Coalition Against Domestic Violence website at:

http://www.fcadv.org/centers

Linkage to centers, resources, referrals, and legal assistance may also be accessed from the Florida Domestic Violence Hotline at 800-500-1119 or TTY 800-621-4202. All services are confidential and are free of charge to the victims. If the employee is a perpetrator, the supervisor must take immediate disciplinary action as described in paragraph 1-6.b.(1) of this operating procedure.

The supervisor must immediately contact the servicing employee relations representative in all instances involving domestic violence to ensure the safety of the employee and/or co-workers at the workplace, or if the supervisor is aware that the employee has an injunction for protection against domestic violence or repeat violence. Appropriate action should be taken to change the workplace environment or activities and to heighten security and safety for all employees.

The Department recognizes that domestic violence victims may have performance or other job-related concerns as a result of domestic violence. For this reason, reasonable efforts will be taken to consider all aspects of the employee's situation. However, the supervisor has the right to discipline employees in accordance with Department policy. The servicing employee relations representative should be consulted prior to taking any disciplinary action.

d. Workplace Risk Assessment Team (WRAT). Once the WRAT receives notification from the servicing employee relations representative that there is a threat or risk of a domestic violence incident, or an employee has an injunction for protection, implement the appropriate procedures in CFOP 60-11, Chapter 2, Workplace Violence Awareness and Prevention.

e. Training and Awareness.

Employees are required to e-acknowledge their receipt of the operating procedure in the Human Resources Tracking System (HRTS) accessed through the Department's Web Systems Portal. Any Department consultants and contractors are encouraged to familiarize themselves with this operating procedure.

(2) Supervisors and managers shall be initially trained on-line, if available, on domestic violence in the workplace, which shall focus on awareness, effects on the workplace, including the potential impact on worker productivity and the safety risks to on-site personnel and visitors, workplace security and safety planning, need for victim privacy and confidentiality, recognizing the signs of domestic violence, and making appropriate referrals.
