Child Care

402.26 Child care; legislative intent.—

(1) The Legislature recognizes the critical importance to the citizens of the state of both safety and quality in child care. Child care in Florida is in the midst of continuing change and development, driven by extraordinary changes in demographics. Many parents with children under age 6 are employed outside the home. For the majority of Florida's children, child care will be a common experience. For many families, child care is an indispensable part of the effort to meet basic economic obligations or to make economic gains. State policy continues to recognize the changing composition of the labor force and the need to respond to the concerns of Florida's citizens as they enter the child care market. In particular, the Legislature recognizes the need to have more working parents employed in family-friendly workplaces. In addition, the Legislature recognizes the abilities of public and private employers to assist the family's efforts to balance family care needs with employment opportunities.

(2) The Legislature also recognizes the effects of both safety and quality in child care in reducing the need for special education, public assistance, and dependency programs and in reducing the incidence of delinquency and educational failure. In a budgetary context that spends billions of dollars to address the aftermath of bad outcomes, safe, quality child care is one area in which the often maligned concept of cost-effective social intervention can be applied. It is the intent of the Legislature, therefore, that state policy should be firmly embedded in the recognition that child care is a voluntary choice of the child's parents. For parents who choose child care, it is the intent of the Legislature to protect the health and welfare of children in care.

(3) To protect the health and welfare of children, it is the intent of the Legislature to develop a regulatory framework that promotes the growth and stability of the child care industry and facilitates the safe physical, intellectual, motor, and social development of the child.

(4) It is also the intent of the Legislature to promote the development of child care options in the private sector and disseminate information that will assist the public in determining appropriate child care options.

(5) It is the further intent of the Legislature to provide and make accessible child care opportunities for children at risk, economically disadvantaged children, and other children traditionally disenfranchised from society. In achieving this intent, the Legislature shall develop a school readiness program, a range of child care options, support services, and linkages with other programs to fully meet the child care needs of this population.

402.301 Child care facilities; legislative intent and declaration of purpose and policy.—It is the legislative intent to protect the health, safety, and well-being of the children of the state and to promote their emotional and intellectual development and care. Toward that end:

(1) It is the purpose of ss. 402.301-402.319 to establish statewide minimum standards for the care and protection of children in child care facilities, to ensure maintenance of these standards, and to

approve county administration and enforcement to regulate conditions in such facilities through a program of licensing.

(2) It is the intent of the Legislature that all owners, operators, and child care personnel shall be of good moral character.

(3) It shall be the policy of the state to ensure protection of children and to encourage child care providers and parents to share responsibility for and to assist in the improvement of child care programs.

(4) It shall be the policy of the state to promote public and private employer initiatives to establish day care services for their employees.

(5) It is the further legislative intent that the freedom of religion of all citizens shall be inviolate. Nothing in ss. 402.301-402.319 shall give any governmental agency jurisdiction or authority to regulate, supervise, or in any way be involved in any Sunday School, Sabbath School, or religious services or any nursery service or other program conducted during religious or church services primarily for the convenience of those attending such services.

(6) It is further the intent that membership organizations affiliated with national organizations which do not provide child care, whose primary purpose is providing activities that contribute to the development of good character or good sportsmanship or to the education or cultural development of minors in this state, which charge only a nominal annual membership fee, which are not for profit, and which are certified by their national associations as being in compliance with the association's minimum standards and procedures shall not be considered child care facilities. However, all personnel as defined in s. 402.302 of such membership organizations shall meet background screening requirements through the department pursuant to ss. 402.305 and 402.3055.

(7) It shall be the policy of the state to encourage child care providers to serve children with disabilities. When requested, the department shall provide technical assistance to parents and child care providers in order to facilitate serving children with disabilities.

402.302 Definitions.—As used in this chapter, the term:

(1) “Child care” means the care, protection, and supervision of a child, for a period of less than 24 hours a day on a regular basis, which supplements parental care, enrichment, and health supervision for the child, in accordance with his or her individual needs, and for which a payment, fee, or grant is made for care.

(2) “Child care facility” includes any child care center or child care arrangement which provides child care for more than five children unrelated to the operator and which receives a payment, fee, or grant for any of the children receiving care, wherever operated, and whether or not operated for profit. The following are not included:

(a) Public schools and nonpublic schools and their integral programs, except as provided in s. 402.3025;

- (b) Summer camps having children in full-time residence;
- (c) Summer day camps;
- (d) Bible schools normally conducted during vacation periods; and
- (e) Operators of transient establishments, as defined in chapter 509, which provide child care services solely for the guests of their establishment or resort, provided that all child care personnel of the establishment are screened according to the level 2 screening requirements of chapter 435.

(3) “Child care personnel” means all owners, operators, employees, and volunteers working in a child care facility. The term does not include persons who work in a child care facility after hours when children are not present or parents of children in a child care facility. For purposes of screening, the term includes any member, over the age of 12 years, of a child care facility operator’s family, or person, over the age of 12 years, residing with a child care facility operator if the child care facility is located in or adjacent to the home of the operator or if the family member of, or person residing with, the child care facility operator has any direct contact with the children in the facility during its hours of operation. Members of the operator’s family or persons residing with the operator who are between the ages of 12 years and 18 years are not required to be fingerprinted but must be screened for delinquency records. For purposes of screening, the term also includes persons who work in child care programs that provide care for children 15 hours or more each week in public or nonpublic schools, family day care homes, membership organizations under s. 402.301, or programs otherwise exempted under s. 402.316. The term does not include public or nonpublic school personnel who are providing care during regular school hours, or after hours for activities related to a school’s program for grades kindergarten through 12. A volunteer who assists on an intermittent basis for less than 10 hours per month is not included in the term “personnel” for the purposes of screening and training if a person who meets the screening requirement of s. 402.305(2) is always present and has the volunteer in his or her line of sight. Students who observe and participate in a child care facility as a part of their required coursework are not considered child care personnel, provided such observation and participation are on an intermittent basis and a person who meets the screening requirement of s. 402.305(2) is always present and has the student in his or her line of sight.

A large family child care home must first have operated as a licensed family day care home for 2 years, with an operator who has had a child development associate credential or its equivalent for 1 year, before seeking licensure as a large family child care home. Household children under 13 years of age, when on the premises of the large family child care home or on a field trip with children enrolled in child care, shall be included in the overall capacity of the licensed home. An applicant must submit a full set of fingerprints to the department or to a vendor, entity, or agency authorized by s. 943.053(13). The department, vendor, entity, or agency shall forward the fingerprints to the Department of Law Enforcement for state processing, and the Department of Law Enforcement shall forward the fingerprints to the Federal Bureau of Investigation for national processing.

Fingerprint submission must comply with s. 435.12.

(16) “Secretary” means the Secretary of Children and Families.

(17) “Substantial compliance” means that level of adherence which is sufficient to safeguard the health, safety, and well-being of all children under care. 1. Programs for children in 5-year-old kindergarten and grades one or above.

5. It is a felony of the third degree, punishable as provided in s. 775.082, s. 775.083, or s. 775.084, for any person willfully, knowingly, or intentionally to use information from the juvenile records of any person obtained under s. 402.305 or s. 402.3055 for any purpose other than screening for employment as specified in those sections or to release information from such records to any other person for any purpose other than screening for employment as specified in those sections.

(3) **INSPECTION FEE.**—The department shall establish a fee for inspection activities performed pursuant to this section, in an amount sufficient to cover costs. However, the amount of such fee for the inspection of a school shall not exceed the fee imposed for child care licensure pursuant to s. 402.315.

History.—s. 3, ch. 88-391; s. 1, ch. 89-296; s. 35, ch. 90-347; ss. 1, 2, ch. 93-115; s. 94, ch. 2000-349; s. 50, ch. 2013-18; s. 21, ch. 2016-238; s. 25, ch. 2017-3.

402.3026 Full-service schools.—

(1) The State Board of Education and the Department of Health shall jointly establish full-service schools to serve students from schools that have a student population that has a high risk of needing medical and social services, based on the results of the demographic evaluations. The full-service schools must integrate the services of the Department of Health that are critical to the continuity-of-care process. The Department of Health shall provide services to these high-risk students through facilities established within the grounds of the school. The Department of Health professionals shall carry out their specialized services as an extension of the educational environment. Such services may include, without limitation, nutritional services, basic medical services, aid to dependent children, parenting skills, counseling for abused children, counseling for children at high risk for delinquent behavior and their parents, and adult education.

(2) The Department of Health shall designate an executive staff director to coordinate the full-service schools program and to act as liaison with the Department of Education to coordinate the provision of health and rehabilitative services in educational facilities.

History.—s. 20, ch. 90-273; s. 122, ch. 94-209; s. 34, ch. 99-5; s. 146, ch. 99-8.

402.305 Licensing standards; child care facilities.—

(1) LICENSING STANDARDS.—The department shall establish licensing standards that each licensed child care facility must meet regardless of the origin or source of the fees used to operate the facility or the type of children served by the facility.

(a) The standards shall be designed to address the following areas:

1. The health, sanitation, safety, and adequate physical surroundings for all children in child care.
2. The health and nutrition of all children in child care.
3. The child development needs of all children in child care.

(b) All standards established under ss. 402.301-402.319 must be consistent with the rules adopted by the State Fire Marshal for child care facilities. However, if the facility is operated in a public school, the department shall use the public school fire code, as provided in the rules of the State Board of Education, as the minimum standard for fire safety.

(c) The minimum standards for child care facilities shall be adopted in the rules of the department and shall address the areas delineated in this section. The department, in adopting rules to establish minimum standards for child care facilities, shall recognize that different age groups of children may require different standards. The department may adopt different minimum standards for facilities that serve children in different age groups, including school-age children. The department shall also adopt by rule a definition for child care which distinguishes between child care programs that require child care licensure and after-school programs that do not require licensure. Notwithstanding any other provision of law to the contrary, minimum child care licensing standards shall be developed to provide for reasonable, affordable, and safe before-school and after-school care. After-school programs that otherwise meet the criteria for exclusion from licensure may provide snacks and meals through the federal Afterschool Meal Program (AMP) administered by the Department of Health in accordance with federal regulations and standards. The Department of Health shall consider meals to be provided through the AMP only if the program is actively participating in the AMP, is in good standing with the department, and the meals meet AMP requirements. Standards, at a minimum, shall allow for a credentialed director to supervise multiple before-school and after-school sites.

(2) PERSONNEL.—Minimum standards for child care personnel shall include minimum requirements as to:

(a) Good moral character based upon screening as defined in s. 402.302(15). This screening shall be conducted as provided in chapter 435, using the level 2 standards for screening set forth in that chapter, and include employment history checks, a search of criminal history records, sexual predator and sexual offender registries, and child abuse and neglect registry of any state in which the current or prospective child care personnel resided during the preceding 5 years.

(b) Fingerprint submission for child care personnel, which shall comply with s. 435.12.

(c) The department may grant exemptions from disqualification from working with children or the developmentally disabled as provided in s. 435.07.

(d) Minimum age requirements. Such minimum standards shall prohibit a person under the age of

21 from being the operator of a child care facility and a person under the age of 16 from being employed at such facility unless such person is under direct supervision and is not counted for the purposes of computing the personnel-to-child ratio.

(e) Minimum training requirements for child care personnel.

1. Such minimum standards for training shall ensure that all child care personnel take an approved 40-clock-hour introductory course in child care, which course covers at least the following topic areas:

- a. State and local rules and regulations which govern child care.
- b. Health, safety, and nutrition.
- c. Identifying and reporting child abuse and neglect.
- d. Child development, including typical and atypical language, cognitive, motor, social, and self-help skills development.

e. Observation of developmental behaviors, including using a checklist or other similar observation tools and techniques to determine the child's developmental age level.

f. Specialized areas, including computer technology for professional and classroom use and early literacy and language development of children from birth to 5 years of age, as determined by the department, for owner-operators and child care personnel of a child care facility.

g. Developmental disabilities, including autism spectrum disorder and Down syndrome, and early identification, use of available state and local resources, classroom integration, and positive behavioral supports for children with developmental disabilities. Within 90 days after employment, child care personnel shall begin training to meet the training requirements. Child care personnel shall successfully complete such training within 1 year after the date on which the training began, as evidenced by passage of a competency examination. Successful completion of the 40-clock-hour introductory course shall articulate into community college credit in early childhood education, pursuant to ss. 1007.24 and 1007.25. Exemption from all or a portion of the required training shall be granted to child care personnel based upon educational credentials or passage of competency examinations. Child care personnel possessing a 2-year degree or higher that includes 6 college credit hours in early childhood development or child growth and development, or a child development associate credential or an equivalent state-approved child development associate credential, or a child development associate waiver certificate shall be automatically exempted from the training requirements in sub-subparagraphs b., d., and e.

2. The introductory course in child care shall stress, to the extent possible, an interdisciplinary approach to the study of children.

3. The introductory course shall cover recognition and prevention of shaken baby syndrome; prevention of sudden infant death syndrome; recognition and care of infants and toddlers with developmental disabilities, including autism spectrum disorder and Down syndrome; and early childhood brain development within the topic areas identified in this paragraph.

4. On an annual basis in order to further their child care skills and, if appropriate, administrative skills, child care personnel who have fulfilled the requirements for the child care training shall be required to take an additional 1 continuing education unit of approved in-service training, or 10

clock hours of equivalent training, as determined by the department.

5. Child care personnel shall be required to complete 0.5 continuing education unit of approved training or 5 clock hours of equivalent training, as determined by the department, in early literacy and language development of children from birth to 5 years of age one time. The year that this training is completed, it shall fulfill the 0.5 continuing education unit or 5 clock hours of the annual training required in subparagraph 4.

6. Procedures for ensuring the training of qualified child care professionals to provide training of child care personnel, including onsite training, shall be included in the minimum standards. It is recommended that the state community child care coordination agencies (central agencies) be contracted by the department to coordinate such training when possible. Other district educational resources, such as community colleges and career programs, can be designated in such areas where central agencies may not exist or are determined not to have the capability to meet the coordination requirements set forth by the department.

7. Training requirements shall not apply to certain occasional or part-time support staff, including, but not limited to, swimming instructors, piano teachers, dance instructors, and gymnastics instructors.

8. The department shall evaluate or contract for an evaluation for the general purpose of determining the status of and means to improve staff training requirements and testing procedures. The evaluation shall be conducted every 2 years. The evaluation shall include, but not be limited to, determining the availability, quality, scope, and sources of current staff training; determining the need for specialty training; and determining ways to increase in-service training and ways to increase the accessibility, quality, and cost-effectiveness of current and proposed staff training. The evaluation methodology shall include a reliable and valid survey of child care personnel.

9. The child care operator shall be required to take basic training in serving children with disabilities within 5 years after employment, either as a part of the introductory training or the annual 8 hours of in-service training.

(f) Periodic health examinations.

(g) A credential for child care facility directors. The credential shall be a required minimum standard for licensing.

(3) **MINIMUM STAFF CREDENTIALS.**—For every 20 children in a licensed child care facility, if the facility operates 8 hours or more per week, one of the child care personnel in the facility must have:

(a) A child development associate credential;

(b) A child care professional credential, unless the department determines that such child care professional credential is not equivalent to or greater than a child development associate credential; or

(c) A credential that is equivalent to or greater than the credential required in paragraph (a) or paragraph (b).

The department shall establish by rule those hours of operation, such as during rest periods and transitional periods, when this subsection does not apply.

(4) STAFF-TO-CHILDREN RATIO.—

(a) Minimum standards for the care of children in a licensed child care facility as established by rule of the department must include:

1. For children from birth through 1 year of age, there must be one child care personnel for every four children.
2. For children 1 year of age or older, but under 2 years of age, there must be one child care personnel for every six children.
3. For children 2 years of age or older, but under 3 years of age, there must be one child care personnel for every 11 children.
4. For children 3 years of age or older, but under 4 years of age, there must be one child care personnel for every 15 children.
5. For children 4 years of age or older, but under 5 years of age, there must be one child care personnel for every 20 children.
6. For children 5 years of age or older, there must be one child care personnel for every 25 children.
7. When children 2 years of age and older are in care, the staff-to-children ratio shall be based on the age group with the largest number of children within the group.

(b) This subsection does not apply to nonpublic schools and their integral programs as defined in s. 402.3025(2)(d)1. In addition, an individual participating in a community service program activity under s. 445.024(1)(e), or a work experience activity under s. 445.024(1)(f), at a child care facility may not be considered in calculating the staff-to-children ratio.

(5) PHYSICAL FACILITIES.—Minimum standards shall include requirements for building conditions, indoor play space, outdoor play space, napping space, bathroom facilities, food preparation facilities, outdoor equipment, and indoor equipment. Because of the nature and duration of drop-in child care, outdoor play space and outdoor equipment shall not be required for licensure; however, if such play space and equipment are provided, then the minimum standards shall apply to drop-in child care. With respect to minimum standards for physical facilities of a child care program for school-age children which is operated in a public school facility, the department shall adopt the State Uniform Building Code for Public Educational Facilities Construction as the minimum standards, regardless of the operator of the program. The Legislature intends that if a child care program for school-age children is operated in a public school, the program need not conform to standards for physical facilities other than the standards adopted by the Commissioner of Education.

(6) SQUARE FOOTAGE PER CHILD.—Minimum standards shall be established by the department by rule.

(a) A child care facility that holds a valid license on October 1, 1992, must have a minimum of 20 square feet of usable indoor floor space for each child and a minimum of 45 square feet of usable outdoor play area for each child. Outdoor play area shall be calculated at the rate of 45 feet per child in any group using the play area at one time. A minimum play area shall be provided for one half of the licensed capacity. This standard applies as long as the child care facility remains licensed at the site

occupied on October 1, 1992, and shall not be affected by any change in the ownership of the site.

(b) A child care facility that does not hold a valid license on October 1, 1992, and seeks regulatory approval to operate as a child care facility must have a minimum of 35 square feet of usable floor space for each child and a minimum of 45 square feet of usable outdoor play area for each child. The minimum standard for outdoor play area does not apply in calculating square footage for children under 1 year of age. However, appropriate outdoor infant equipment shall be substituted for outdoor play space. The centers shall provide facilities and equipment conducive to the physical activities appropriate for the age and physical development of the child.

(7) SANITATION AND SAFETY.—

(a) Minimum standards shall include requirements for sanitary and safety conditions, first aid treatment, emergency procedures, and pediatric cardiopulmonary resuscitation. The minimum standards shall require that at least one staff person trained in cardiopulmonary resuscitation, as evidenced by current documentation of course completion, must be present at all times that children are present.

(b) In the case of a child care program for school-age children attending before and after school programs on the public school site, the department shall use the public school fire code, as adopted in the rules of the State Board of Education, as the minimum standard for fire safety. In the case of a child care program for school-age children attending before-school and after-school programs on a site operated by a municipality, the department shall adopt rules for such site and intended use.

(c) Some type of communications system, such as a pocket pager or beeper, shall be provided to a parent whose child is in drop-in child care to ensure the immediate return of the parent to the child, if necessary.

(8) NUTRITIONAL PRACTICES.—Minimum standards shall include requirements for the provision of meals or snacks of a quality and quantity to assure that the nutritional needs of the child are met.

(9) ADMISSIONS AND RECORDKEEPING.—

(a) Minimum standards shall include requirements for preadmission and periodic health examinations, requirements for immunizations, and requirements for maintaining emergency information and health records on all children.

(b) During the months of August and September of each year, each child care facility shall provide parents of children enrolled in the facility detailed information regarding the causes, symptoms, and transmission of the influenza virus in an effort to educate those parents regarding the importance of immunizing their children against influenza as recommended by the Advisory Committee on Immunization Practices of the Centers for Disease Control and Prevention.

(c) During the months of April and September of each year, at a minimum, each facility shall provide parents of children enrolled in the facility information regarding the potential for a distracted adult to fail to drop off a child at the facility and instead leave the child in the adult's vehicle upon arrival at the adult's destination. The child care facility shall also give parents information about resources with suggestions to avoid this occurrence. The department shall develop a flyer or brochure with this information that shall be posted to the department's website, which child care facilities may

choose to reproduce and provide to parents to satisfy the requirements of this paragraph.

(d) Because of the nature and duration of drop-in child care, requirements for preadmission and periodic health examinations and requirements for medically signed records of immunization required for child care facilities shall not apply. A parent of a child in drop-in child care shall, however, be required to attest to the child's health condition and the type and current status of the child's immunizations.

(e) Any child shall be exempt from medical or physical examination or medical or surgical treatment upon written request of the parent or guardian of such child who objects to the examination and treatment. However, the laws, rules, and regulations relating to contagious or communicable diseases and sanitary matters shall not be violated because of any exemption from or variation of the health and immunization minimum standards.

(10) **TRANSPORTATION SAFETY.**—

(a) Minimum standards shall include all of the following:

1. Requirements for child restraints or seat belts in vehicles used by child care facilities and large family child care homes to transport children.
2. Requirements for annual inspections of such vehicles.
3. Limitations on the number of children that may be transported in such vehicles.
4. Procedures to ensure that children are not inadvertently left in vehicles when transported by the facility or home and that systems are in place to ensure accountability for children transported by such facilities and homes.

(b) By January 1, 2022, all vehicles used by child care facilities and large family child care homes to transport children must be equipped with a reliable alarm system approved by the department which prompts the driver to inspect the vehicle for children before exiting the vehicle. The department shall adopt by rule minimum safety standards for such systems and shall maintain a list of approved alarm manufacturers and alarm systems that meet or exceed those standards.

(c) A child care facility or large family child care home is not responsible for the safe transport of children when they are being transported by a parent or guardian.

(11) **ACCESS.**—Minimum standards shall provide for reasonable access to the child care facility by the custodial parent or guardian during the time the child is in care.

(12) **CHILD DISCIPLINE.**—

(a) Minimum standards for child discipline practices shall ensure that age-appropriate, constructive disciplinary practices are used for children in care. Such standards shall include at least the following requirements:

1. Children shall not be subjected to discipline which is severe, humiliating, or frightening.
2. Discipline shall not be associated with food, rest, or toileting.
3. Spanking or any other form of physical punishment is prohibited.

(b) Prior to admission of a child to a child care facility, the facility shall notify the parents in writing of the disciplinary practices used by the facility.

(13) **PLAN OF ACTIVITIES.**—Minimum standards shall ensure that each child care facility has and

implements a written plan for the daily provision of varied activities and active and quiet play opportunities appropriate to the age of the child. The written plan must include a program, to be implemented periodically for children of an appropriate age, which will assist the children in preventing and avoiding physical and mental abuse.

(14) **URBAN CHILD CARE FACILITIES.**—Minimum standards shall include requirements for child care facilities located in urban areas. The standards must allow urban child care facilities to substitute indoor play space for outdoor play space, if outdoor play space is not available in the area, and must set forth additional requirements that apply to a facility which makes that substitution, including, but not limited to, additional square footage requirements for indoor space; air ventilation provisions; and a requirement to provide facilities and equipment conducive to physical activities appropriate for the age of the children.

(15) **TRANSITION PERIODS.**—During the periods of time in which children are arriving and departing from the child care facility, notwithstanding local fire ordinances, the provisions of subsection (6) are suspended for a period of time not to exceed 30 minutes.

(16) **EVENING AND WEEKEND CHILD CARE.**—Minimum standards shall be developed by the department to provide for reasonable, affordable, and safe evening and weekend child care. Each facility offering evening or weekend child care must meet these minimum standards, regardless of the origin or source of the fees used to operate the facility or the type of children served by the facility. The department may modify by rule the licensing standards contained in this section to accommodate evening child care.

(17) **SPECIALIZED CHILD CARE FACILITIES FOR THE CARE OF MILDLY ILL CHILDREN.**—Minimum standards shall be developed by the department, in conjunction with the Department of Health, for specialized child care facilities for the care of mildly ill children. The minimum standards shall address the following areas: personnel requirements; staff-to-child ratios; staff training and credentials; health and safety; physical facility requirements, including square footage; client eligibility, including a definition of “mildly ill children”; sanitation and safety; admission and recordkeeping; dispensing of medication; and a schedule of activities.

(18) **TRANSFER OF OWNERSHIP.**—

(a) One week prior to the transfer of ownership of a child care facility or family day care home, the transferor shall notify the parent or caretaker of each child of the impending transfer.

(b) The department shall, by rule, establish methods by which notice will be achieved and minimum standards by which to implement this subsection.

The applicant, owner, or operator shall attest to the accuracy of the information requested under penalty of perjury. If the applicant, owner, or operator admits that he or she has been a party in such action, the department or local licensing agency shall review the nature of the suspension, revocation, disciplinary action, or fine before granting the applicant a license to operate a child care facility. If the department or local licensing agency determines as the result of such review that it is not in the best interest of the state or local jurisdiction for the applicant to be licensed, a license shall not be granted.

(b) The child care facility employer shall require that the application for a child care personnel position contain a question that specifically asks the applicant if he or she has ever worked in a facility that has had a license denied, revoked, or suspended in any state or jurisdiction or has been the subject of a disciplinary action or been fined while employed in a child care facility. The disciplinary actions determination to be made by the department or the local licensing agency and the procedure for hearing for applicants and licensees shall be in accordance with s. 402.310.

3. Any previous violations of the licensee or registrant.

(c) The department shall adopt rules to:

1. Establish the grounds under which the department may deny, suspend, or revoke a license or registration or place a licensee or registrant on probation status for violations of ss. 402.301-402.319.

2. Establish a uniform system of procedures to impose disciplinary sanctions for violations of ss. 402.301-402.319. The uniform system of procedures must provide for the consistent application of disciplinary actions across districts and a progressively increasing level of penalties from pre-disciplinary actions, such as efforts to assist licensees or registrants to correct the statutory or regulatory violations, and to severe disciplinary sanctions for actions that jeopardize the health and safety of children, such as for the deliberate misuse of medications.

(d) The disciplinary sanctions set forth in this section apply to licensed child care facilities, licensed large family child care homes, and licensed or registered family day care homes.

(2) When the department has reasonable cause to believe that grounds exist for the denial, suspension, or revocation of a license or registration; the conversion of a license or registration to probation status; or the imposition of an administrative fine, it shall determine the matter in accordance with procedures prescribed in chapter 120. When the local licensing agency has reasonable

cause to believe that grounds exist for the denial, suspension, or revocation of a license or registration; the conversion of a license or registration to probation status; or the imposition of an administrative fine, it shall notify the applicant, registrant, or licensee in writing, stating the grounds upon which the license or registration is being denied, suspended, or revoked or an administrative fine is being imposed. If the applicant, registrant, or licensee makes no written request for a hearing to the local licensing agency within 15 days after receipt of the notice, the license shall be deemed denied, suspended, or revoked; the license or registration shall be converted to probation status; or an administrative fine shall be imposed.

(3) If a request for a hearing is made to the local licensing agency, a hearing shall be held within 30 days and shall be conducted by an individual designated by the county commission.

(4) An applicant, registrant, or licensee shall have the right to appeal a decision of the local licensing agency to a representative of the department. Any required hearing shall be held in the county in which the child care facility, family day care home, or large family child care home is being operated or is to be established. The hearing shall be conducted in accordance with the provisions of chapter 120.

402.311 Inspection.—

(1) A licensed child care facility shall accord to the department or the local licensing agency, whichever is applicable, the privilege of inspection, including access to facilities and personnel and to those records required in s. 402.305, at reasonable times during regular business hours, to ensure compliance with ss. 402.301-402.319. The right of entry and inspection shall also extend to any premises which the department or local licensing agency has reason to believe are being operated or maintained as a child care facility without a license, but no such entry or inspection of any premises shall be made without the permission of the person in charge thereof unless a warrant is first obtained from the circuit court authorizing such entry or inspection. Any application for a license or renewal made pursuant to this act or the advertisement to the public for the provision of child care as defined in s. 402.302 shall constitute permission for any entry or inspection of the premises for which the license is sought in order to facilitate verification of the information submitted on or in connection with the application. In the event a licensed facility refuses permission for entry or inspection to the department or local licensing agency, a warrant shall be obtained from the circuit court authorizing entry or inspection before such entry or inspection. The department or local licensing agency may institute disciplinary proceedings pursuant to s. 402.310 for such refusal.

(2) A school readiness program provider shall accord to the department or the local licensing agency, whichever is applicable, the privilege of inspection, including access to facilities, personnel, and records, to verify compliance with the requirements of s. 1002.88. Entry, inspection, and issuance of an inspection report by the department or the local licensing agency to verify compliance with the requirements of s. 1002.88 is an exercise of a discretionary power to enforce compliance with the

laws duly enacted by a governmental body.

(3) The department's issuance, transmittal, or publication of an inspection report resulting from an inspection under this section does not constitute agency action subject to chapter 120.

402.3115 Elimination of duplicative and unnecessary inspections; abbreviated inspections.—

The Department of Children and Families and local governmental agencies that license child care facilities shall develop and implement a plan to eliminate duplicative and unnecessary inspections of child care facilities. In addition, the department and the local governmental agencies shall develop and implement an abbreviated inspection plan for child care facilities that have had no Class 1 or Class 2 deficiencies, as defined by rule, for at least 2 consecutive years. The abbreviated inspection must include those elements identified by the department and the local governmental agencies as being key indicators of whether the child care facility continues to provide quality care and programming.

If the department or the local licensing agency discovers that a child care facility is being operated without a license, a family day care home is being operated without a license or registration, or a large family child care home is being operated without a license, the department or local licensing agency is authorized to seek an injunction in the circuit court where the facility is located to enjoin continued operation of such facility, family day care home, or large family child care home. When the court is closed for the transaction of judicial business, the department or local licensing agency is authorized to seek an emergency injunction to enjoin continued operation of such unlicensed facility, unregistered or unlicensed family day care home, or unlicensed large family child care home, which injunction shall be continued, modified, or revoked on the next day of judicial business.

(2) Other grounds for seeking an injunction to close a child care facility, family day care home, or a large family child care home are that:

(a) There is any violation of the standards applied under ss. 402.301-402.319 which threatens harm to any child in the child care facility, a family day care home, or large family child care home.

(b) A licensee or registrant has repeatedly violated the standards provided for under ss. 402.301-402.319.

(c) A child care facility, family day care home, or large family child care home continues to have children in attendance after the closing date established by the department or the local licensing agency.

c. A description, written in simple language, of the corrective action, if any, taken by the facility for each citation. Included in the description shall be the dates on which the corrective action was taken.

(4) Any license issued pursuant to subsection (2) or subsection (3) shall include the name, address, and telephone number of the licensing agency.

(5) The department shall develop a model brochure for distribution by the department and by local licensing agencies to every child care facility in the state. Pursuant thereto:

(b) Each child care facility shall certify to the department or local licensing agency, whichever is appropriate, that it has so provided and will continue to so provide such brochures, which certification shall operate as a condition upon issuance and renewal of licensure. Noncompliance by any child care facility shall be grounds for sanction as provided in ss. 402.310 and 402.312.

(c) The brochure shall, at a minimum, contain the following information:

1. A statement that the facility is licensed and has met state standards for licensure as established by s. 402.305 or that the facility is licensed by a local licensing agency and has met or exceeded the state standards, pursuant to ss. 402.306 and 402.307. Such statement shall include a listing of specific standards that licensed facilities must meet pursuant to s. 402.305.
