For more than 80 years, Social Security has helped secure today and tomorrow by providing benefits and financial protection for millions of people throughout their life's journey. LEGAL SUBCOMMITTEE MINUTES – AUGUST 2019

Immigration and Legal Issues Subcommittee
Minutes for August 7, 2019
Held at Americans for Immigrant Justice

Submitted by Brad Ginter

Attendees: Roketa Mansfield, Michael Silva, Kristie Padron, Marueen Porras, Maria Penha, Adonia Simpson, Megan Humphreys, Arno Lemus, Miriam Garcia, Dorothy Martin, Marie Jean, Mariana Martinez, Viviane Saide, Brad Ginter

USCIS - Roketa Mansfield

USCIS is in the process of updating the test given to applicants for naturalization at their interview. The test is given to measure applicants' knowledge of U.S. civics. It is anticipated that the revision will be completed by December 2020.

USCIS is accepting applications for grants for agencies wanting to help individuals to prepare for the civics portion of the citizenship application. The deadline is coming up soon for agencies to apply. (One or two agencies indicated that they were interested in competing for those funds.)

Roketa distributed copies of the updated (7/19) list of the DOJ Recognized Organizations operating in the Miami District of USCIS.

CBP - Michael Silva

Michael advised the subcommittee that the Department of State is allowing Venezuelans who are unable to renew their passports (which is generally the case at this time) to travel on an expired passport for five years. This will be permitted on a case-by-case basis. [Michael agreed to provide more detailed information--see below.]

Information raised by members

The Miami EOIR is one of two immigration courts which are participating in a pilot program to make the courts more efficient and to reduce costs. People attending their first master calendar hearing watch a 28-minute video explaining the immigration court process. So far, the video may only be in Spanish, but eventually may be in 20 languages. Also, the court now uses telephonic interpretation instead of in-person interpreters for all master calendar hearings. Those who are in court regularly see that there are many kinks that need to be worked out before this can be implemented nationwide.

From Michael Silva, re: Extension of Validity for Venezuelan Passports

On June 7, 2019, Venezuelan interim President Guaido signed a decree extending the validity of previously issued Venezuelan passports for an additional five years past their printed date of expiration.

Consular posts are recognizing this extension of validity for visa issuance and other consular purposes; CBP will likewise recognize the passports covered by this decree as having been extended and valid for admission to the United States as long as the traveler is otherwise admissible.

For Venezuelan passport holders who have already been issued a passport extension (*prorroga*), the validity of their passport shall be determined by adding five years of validity to the expiration date granted by the extension.

Venezuelans who are not in possession of a passport, or whose passport has not be rendered valid by the decree, may be able to travel with a visa attached to a Form DS-232, but must be granted the appropriate waiver and be admissible to the United States.

EDUCATION SUBCOMMITTEE MINUTES – AUGUST 2019

2019 REFUGEE TASK FORCE

EDUCATION SUBCOMMITTEE MEETING

Oct. 11, 2019

- REVEST is already enrolling students for the upcoming second Mini Term of Fall 2019 from October to December 2019. So far around 878 VESOL students have been enrolled program wide in this first part of Fall 2019, and around 700 are going to be enrolled for the second Mini Term 81.2 for Fall Term 2019. Approximately 200 students have been projected to test in the next Orientation Sessions throughout these months.
- The REVEST Program has been able to process 1175 vocational registrations for the contract year ending in August 2019. So far, we have around 300 vocational registrations for the Fall 2197. We continue providing training and advisement to advisors to be updated about changing procedures and system issues.
- Faculty meetings were conducted with all REVEST instructors Oct 3, 2019. All CASAS testing procedures were reviewed with instructors to ensure a successful testing session. CASAS testing is taking place Oct. 7-11, 2019. We expect completion rates to remain steady.

All REVEST students were trained to employ basic test-taking skills. Our Wolfson and Hialeah Centers are now using the ECASAS computer-based test. We are very proud of the hard work of our determined faculty and especially our students.

1. REVEST continues to offer ESOL classes through scholarships at Community Education (Miami Dade College) Kendall and West Campus. This is allowing clients to be served by REVEST in a broader range of sites. Our current sites in Hialeah and Wolfson are also offering classes and we are ready to serve clients. REVEST is monitoring progress of our eight-week courses and our mini-term system. We are also monitoring students receiving scholarships in the Kendall and West Miami Dade College sites.
- The total enrollment in the SAVES program during trimester 2019-1 that started on August 19, 2019 and ends on December 20, 2019, was 1,195. This number included 415 new students and 48 students (16–18 yrs. old) enrolled in the Success Management Academy (SMA) SAVES GED in Spanish program during that trimester. The next academic trimester begins on January 6, 2019.
2. A SAVES District meeting will be held on November 20, 2019. Important information will be discussed with the school staff. Please advise if you would like to attend and share your program and services with us.
3. SAVES is beginning implementation of new initiatives to increase student enrollment and retention during the 2019-2020 Contract year:
 1. Collaboration with M-DCPS to implement an aggressive campaign to market the SAVES program. Fence and roll-up banners, flyers, Vocational Course Directory, pencils, pens, rulers, lanyards, and notebooks were distributed to SAVES schools to promote the program.
 2. Utilize the following FOCUS reports: a) List of students with three+ (3+) absences; b) List of students withdrawing; and c) List of students reaching 70 hours of ESOL instruction for testing. Case management follow up and results are reported to the SAVES District office bi-monthly.
 3. Featuring the SAVES program in the Real News Adult/Technical Colleges and Educational Opportunity and Access newsletter. See it at <https://www.careerinayear.com/wp-content/uploads/2019/09/KG-REAL-NEWS-Sept-2019-Edition-F-3.pdf>
 4. The SAVES voucher program is very successful and is being expanded to include all M-DCPS adult and technical schools. The program provides opportunities for students to

benefit from ESOL and vocational courses in the schools that are most convenient to them. Students and school personnel frequently share with the SAVES district office the excellent job opportunities offered to the students as they complete their vocational courses in areas of avionics, road technician, air conditioning, CDL, automotive technology, computer system, information technology, medical assistance, dental assistance, and others.

5. Graduation ceremonies were held for SMA students in Adult and Community Education/Technical Centers in June 2019. About 48% of the students in the SMA graduated in June 2019.
6. The first SAVES degree translation and evaluation meeting will be held on October 15, 2019. SAVES will provide this service for SAVES students with: 1. Four years university degree or higher 2. An Associate Degree, and 3. A High School Diploma.
7. The Culinary Arts Program at Robert Morgan Education Center and Technical College was recognized by District 9 School Board member at the Awards of Distinction Ceremony and Lindsey Hopkins Technical College was recognized with the Distinguished Partner Award by the University of Florida for improving nutrition of low-income families.
8. Fifteen new vocational classes were opened for five vocational courses at SAVES schools. SAVES students had the opportunity to train in additional areas of interest that enhance their opportunities to complete programs leading to gainful employment.
9. M-DCPS Superintendent recognized Lindsey Hopkins Technical College for their initiative to have a Shop Prom Boutique to make possible for underprivileged students to shop for needed clothing at no cost to attend prom activities. Over 2,000 students have benefitted from this program.
