On Dec. 1, 2020, USCIS implemented a revised version of the civics test for naturalization (2020 civics test). Due to recent policy changes, some applicants required to take the 2020 civics test may now have a choice to take the 2020 test or the 2008 civics test. Please note that beginning on April 19, 2021, USCIS will only offer the 2008 civics test at the initial interview appointment regardless of filing date.

For more information, visit the 2020 Version of the Civics Test page.

- If you are taking the 2020 civics test, find study materials on the Study for the Test (2020 version) page.
- If you are taking the 2008 civics test, find study materials on the Study for the Test (2008 version) page
- If you filed your Form N-400, Application for Naturalization on or after December 1, 2020 and before March 1, 2021, and are currently scheduled for your initial examination (interview) before April 19, 2021, you may choose to take the 2008 or 2020 civics test.

On March 9, 2021, the Seventh Circuit lifted its stay and the U.S. District Court for the Northern District of Illinois' order vacating the Public Charge Final Rule went into effect. When the vacatur went into effect, USCIS immediately stopped applying the Public Charge Final Rule to all pending applications and petitions that would have been subject to the rule. USCIS continues to apply the public charge inadmissibility statute, including consideration of the statutory minimum factors in the totality of the circumstances, in accordance with the 1999 Interim Field Guidance that was in place before the Public Charge Final Rule was implemented. In addition, USCIS will no longer apply the separate, but related, "public benefits condition" to applications or petitions for extension of nonimmigrant stay and change of nonimmigrant status.

Public charge rule: <https://www.uscis.gov/green-card/green-card-processes-and-procedures/public-charge>

<https://www.uscis.gov/i-9-central/form-i-9-related-news/dhs-secretary-designates-venezuela-for-tps-implements-ded-for-venezuela>

Applicants and petitioners should not provide information or evidence related solely to the Public Charge Final Rule. That means that applicants for adjustment of status should not submit Form I-944, Declaration of Self Sufficiency, or any evidence or documentation required by Form I-944 when they file their Form I-485. Applicants and petitioners for extension of nonimmigrant stay and change of nonimmigrant status should not provide information related to the receipt of public benefits on Form I-129 (Part 6), Form I-129CW (Part 6), Form I-539 (Part 5), and Form I-539A (Part 3).

**EDUCATION APRIL SUBCOMMITTEE MEETING
(April 9, 2021)**

REVEST/Miami Dade College continues to offer hybrid classes as well as on-line only courses according to student and faculty needs. Instructors and students continue giving positive feedback regarding the use of the virtual classroom. Students are attending scheduled classes and participating in on-line learning through a variety of on-line resources including the BlackBoard learning management system, My-Lab (Pearson Education) and Burlington English. Miami Dade College will be offering MDC LIVE courses shortly and students and instructors are scheduled to have access to Zoom through the Blackboard LMS. We are proud of our staff for the all their efforts to provide high quality learning at REVEST for all our students. The current Spring term runs Jan.6 – April 30, 2021. The upcoming Summer 2021 Term is from May 10 to August 20, 2021.

All faculty attended a virtual faculty meeting Feb. 25, 2021. This meeting included updated training with Burlington English to enhance student learning and utilize all on-line resources. The majority of students and instructors remain on-line which is working very well and enhances enrollment options. We are maintaining vigilance on all safety protocols and procedures. All in-person classes institute social distancing, mandatory mask, daily temperature check and screening questions. Miami Dade College will remain in Phase 2 of the Pandemic Outbreak Recovery Plan through the end of the summer term.

REVEST is already enrolling students for the Summer 2021 Term from May 10 to August 20, 2021. So far around 560 VESOL students have been enrolled program wide in this current Term of Spring 2021, and around 550 are going to be enrolled for Summer 2021. Although COVID 19 keeps its impact in our students, approximately 100 students have been projected to test and enroll in the program throughout these months in our different Centers.

The REVEST Program has been able to process over 186 vocational registrations so far in the current Spring term which began on January 6th, 2020. REVEST continues with a campaign initialized in September 2019 (Fall 2197) to increase vocational registrations. We have continued to provide our students with Vocational Training Orientations during each VESOL Mimi-Term to start informing them, since lower levels, about their training options. These ongoing presentations also focus on the requirements for each type of course/Program, including VESOL completion, TABE scores and the in-state status; and include information about employment projections, growth and salaries as per a Labor market Analysis conducted by REVEST. In addition, the Vocational Coordinator attends Faculty meetings to discuss and develop strategies with the instructors to push the students' assimilation into vocational training, and the use of the vocational flyers in communicative activities. We continue providing training and advisement to advisors to be updated about changing procedures and system issues.

REVEST continues to offer on-line ESOL and hybrid classes through scholarships at Community Education (Miami Dade College) Kendall and West Campus. Hialeah and Wolfson centers are eager to serve clients. REVEST strongly urges all refugee service partners to refer any interested client to REVEST for services! Thank you for your support.

The SAVES trimester 2020-2 started on January 4, 2021 and will end on April 9, 2021. The total enrollment as of April 5, 2021 was 530. This total includes 166 newly enrolled and 20

SMA GED in Spanish students. SAVES students are participating in online classes, as well as hybrid mode to allow hands-on practice for some vocational courses. The SAVES District office is working with the SAVES school contact persons and their administrators to provide the support and help needed to ensure that all services to students are provided.

Students are enrolled in ESOL, ABE, SMA GED in Spanish, and a wide range of vocational/technical programs.

Translation and validation services continue to be offered to eligible students. During this trimester 2020-2, twenty-four students have already received these services. These services are provided to students with high school diplomas, associate degrees, and four-year degrees and higher, including licensing. Due to COVID 19, students report directly to Silny and Associates for services.

SAVES continues to serve clients through distance learning (and hybrid mode offered) at 14 schools and three technical colleges, George T. Baker Aviation, Miami Lakes, and D. A. Dorsey, Technical College, where eligible students receive services through vouchers. To better serve our clients, the voucher program has been extended to all adult education centers and technical colleges in M-DCPS.

SAVES is engaged in a massive marketing/advertising campaign to reach refugees, asylees and entrants who are still within the five-year eligibility period and are not being served. This campaign includes having the school contact personnel reach out to students via email and telephone, SAVES website, Spanish and Haitian radio, and digital media in multiple platforms, including Facebook, Instagram and Twitter. This campaign is yielding good results for recruiting, registration, re-enrollment, and retention.

SAVES District personnel and school contacts follow up with students to ensure that they are accessing the Distance Learning platform. Information is gathered on students who are participating in online classes, as well as those students who did not re-enroll. Students enrolled are being monitored on absences, withdrawals, and attendance hours. Those who did not re-enroll are contacted and offered help to motivate them to continue their education.

More information is being uploaded to the SAVES website for students to access all the services and benefits of the program. New SAVES Student Success stories are uploaded, and congratulation letters are sent to the schools to be forwarded to the students. Visit our SAVES website at saves@dadeschools.com

The virtual Zoom Meeting was held Wednesday, March 3, 2021 at 3:00 p.m. with SAVES District staff and school contacts. Recruitment methods, data reports, billing information and more were discussed in detail. Dr. Marie Phiogene was honored and recognized for her 22 years of dedication and contribution to the SAVES Program. She was an invaluable asset and all attendees participated in thanking her and wishing her the best for her retirement. All attendees received electronic copies of all information for further review and future reference.

You can reach the SAVES District office by e-mailing Dr. Felicia Gil at gilfelicia@dadeschools.net
