

Florida's MEDICAID REDETERMINATION PLAN

BACKGROUND

Medicaid is health coverage option for low-income individuals and families. Due to the federal **Public Health Emergency**, the **Department of Children and Families** (Department), as required by the federal government, implemented processes to maintain Medicaid coverage for individuals, regardless of their financial eligibility. This resulted in the number of Medicaid recipients growing from 3.8 million to 5.5 million. In Florida, the Department determines **eligibility** for Medicaid, while the **Agency for Health Care Administration** administers the **Medicaid** program.

Once the continuous coverage requirement ends, the Department will return to the standard Medicaid review process, which ensures eligible recipients will continue to remain enrolled.

PLAN OBJECTIVES

Ensure continuity of Medicaid coverage for eligible individuals while promoting the availability of alternative health insurance providers.

Prioritize exceptional customer service through strong communication and community collaboration.

Leverage technology and operational efficiencies while being compliant with federal guidance.

FLORIDA'S PLAN SUMMARY

- **Increase efficiency** by **aligning public benefit cases** over a 12-month period.
- **Enhance customer service** by **reducing paperwork**.
- **Meet federal regulatory requirements** while **prioritizing Florida's families**.
- **Maximize technology** and **automation** to **enhance processes** and communication to recipients.
- **Automatic review** for recipients to determine Medicaid eligibility. If Medicaid cannot be automatically renewed, **recipients will receive a notice 45 days prior to their renewal date** with instructions on how to complete the renewal process.

FLORIDA WINS

- Technology enhancements and **automation implemented** to help process cases faster.
- **Utilization of technology** to communicate to recipients via email, text messaging and mail.
- More than **92% of our recipients enroll online**.
- Automatic partner referrals to organizations like **Florida Healthy Kids** and other **subsidized programs**.
- **Clear** and **robust communication** to recipients, partners and stakeholders.

*Depending on the needs of your family, you may be eligible to benefit from two (or more) healthcare options simultaneously.

Florida's Medicaid Redetermination Communications

Florida's MEDICAID ELIGIBILITY REDETERMINATION PROCESS

Florida Medicaid Redetermination Media Toolkit

Key Messages

The materials and templates provided in this toolkit will help you communicate with Medicaid recipients about the end of the continuous coverage period. The Department is using these messages and materials to educate individuals. To ensure consistent messaging, we encourage you to use the materials provided in this toolkit. Messaging should encourage recipients to get ready to renew their Medicaid coverage. It should be simple, direct, and informative. Your individualized outreach to recipients should begin after March 20, 2023. This will allow time for recipients who have an April redetermination date to receive their notice and be able to take action.

Four things Florida wants recipients to know about their Medicaid Redetermination

Please share the following messaging with recipients

1. Be on the lookout for notices from the Department so you will know when you need to take action regarding your coverage. Be sure to update your contact information through your MyAccess account.
2. If you are still eligible and we can renew your coverage without you doing anything, we will. If this is the case, you will receive an approval letter when your Medicaid coverage has been renewed.
3. If we are not able to renew your coverage automatically, we will send you a notice to reapply, and you will need to take action and complete a redetermination. If you do not respond, you may lose your Medicaid coverage.
4. If you are no longer eligible for Medicaid, there are other options! See 5 Options for Healthcare flyer and visit [Myflfamilies.com/Medicaid](https://myflfamilies.com/Medicaid)

If you are no longer eligible for Medicaid...

Do's and Do not's to share with Medicaid Recipients

DO

- Be sure your address is current with DCF through the DCF Virtual Assistant or by signing into your account
- Check your redetermination date on your MyACCESS account
- Provide a text number on your MyACCESS account so we can remind you when your redetermination is due
- Watch for a yellow-stripe envelope telling you your renewal is due
- Return any information requested as soon as possible
- Learn about and apply for other coverage options if you are no longer eligible for Medicaid
- Consider Florida KidCare for your children, if needed

DO NOT

- Panic. The Department will reach out to you when it is your time to renew, until then make sure your contact information is up to date.
- Ignore a redetermination notice
- File a new application before your redetermination date
- Wait on the Call Center line for things you can do easily and quickly through the DCF Virtual Assistant or by logging in to your account
- Forget to include all household members on your application
