Reporting

- Area Behavior Staff members review all reports of seclusion and restraint to the state office monthly
- Providers send the Reactive Strategies Provider Report to the field/regional office
- APD Regional offices compile and send Regional RS report
- Late reports from providers are added to the regional report and re-submitted to the state office

Reviewing and Analyzing RS Data

- Identify any unusual trends or excessive RS use (consumers or providers)
- Feedback to providers during LRC meetings with suggestions for improvement
- Reactive Strategies that exceed 60 minutes (for one event) in duration or are shown to result in injury or death must receive documented follow-up.
- Follow-up is documented in appropriate RS column
- Recipient death resulting from RS shall be reported by the Regional Behavior Analyst to the Agency Senior Behavior Analyst within one business day of discovery.
