Clearinghouse Results Website Overview

In response to the requirements passed during the 2012 Legislative session, the Agency for Health Care Administration (Agency) created the Care Provider Background Screening Clearinghouse (Clearinghouse) Website for use by all specified agencies. The enhanced website allows users to initiate a screening, search for screening results, connect to specified agencies screenings, select a Livescan service provider, and connect to the service provider's website to schedule appointments. Utilizing the Clearinghouse website to initiate screening requests provides the following benefits:

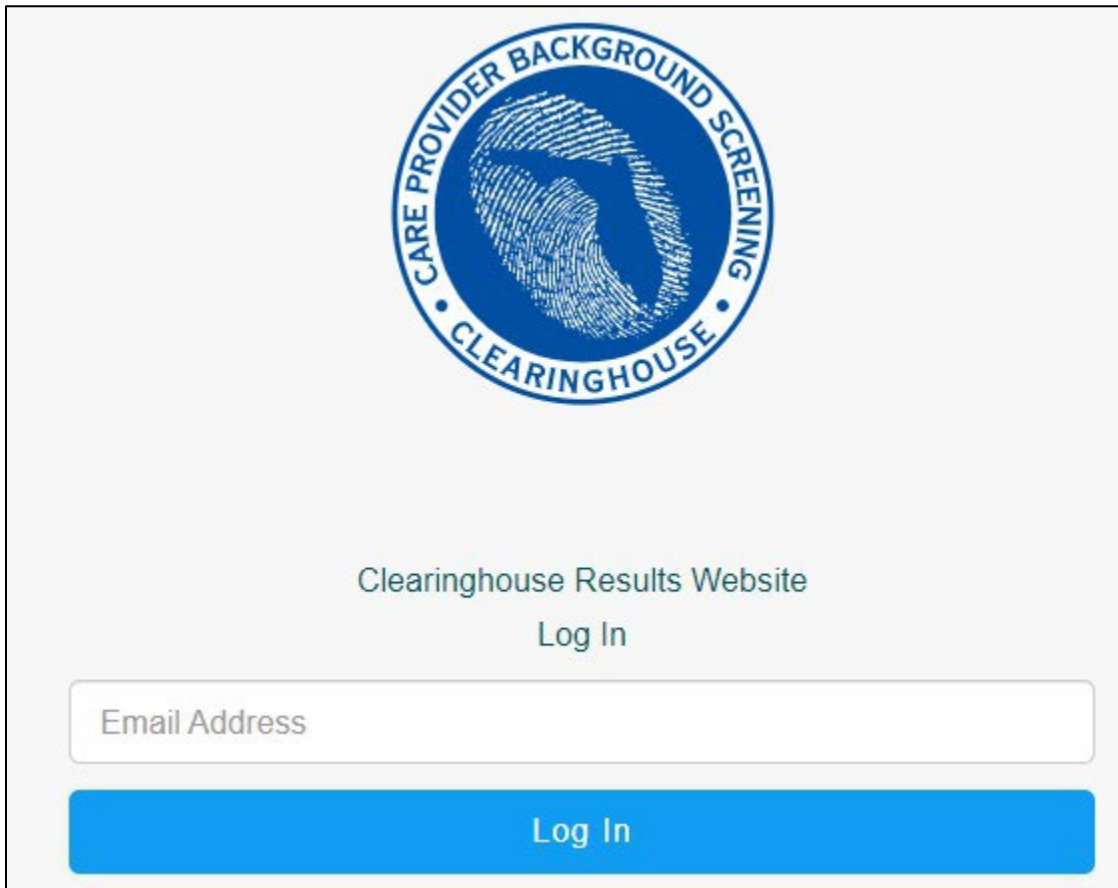

- Ability to share results of criminal history checks among specified agencies.
- Ability to view subsequent arrest information for employees with retained fingerprints (*only available to current employers of the individual*).
- Ability to track screenings from the time the screening request is initiated in the Clearinghouse until a determination is made.
- Provides email notification to the user regarding status updates to requests initiated.
- Ability to search for Livescan Service Providers by certain criteria (county, name, etc.). Provides information and ability to connect to the fingerprint service provider's website to make appointments.
- Provides TCR# needed for sending an applicant to be rescreened for rejected prints.
- Posts Public Record version of state criminal history record (RAP sheet) for review by the **provider requesting the original screening**.
- Availability of a screenings dashboard eliminating the need to search for each screening result individually.
- Maintain an employee roster by entering hire and separation dates for each employee. This facilitates a notification to the employer if the eligibility status of an employee changes.
 - According to section 435.12(2) (c) an employer of persons subject to screening by a specified agency must register with the clearinghouse and maintain the employment status of all employees within the clearinghouse. Initial employment status and any changes in status must be reported within **5 business days**.
- Redesigned Individual Profile page that includes:
 - Eligibility Results
 - Photograph, if the individual is in the Clearinghouse
 - Department of Health Professional Licensure Status
 - View screenings in process
 - State criminal history report viewable for the provider initiating the screening
 - Employment History

Search Medicare/Medicaid Exclusions (OIG List)

Individuals who do not have a prior screening must be manually checked in the Office of Inspector General (OIG) List of Excluded Individuals and Entities (LEIE) upon initial screening. Once an individual has a record in the BGS system an automated review of the OIG LEIE will occur when the list is updated every 30 days.

When you **select the 'Perform OIG Search' button** you will be redirected to the OIG's website. Follow the instructions to search for the individual and complete the OIG LEIE search. Close the OIG website and return to the BGS OIG Search page.

Check the appropriate affirmation option to confirm that either the search was conducted or if a search is not applicable for your Provider Type. Select the 'Next' button to continue.

Note: Health care providers that receive federal funding that employs an individual on the LEIE may be subject to civil monetary penalties (CMP). Individuals on the Exclusion List are not eligible for employment with providers of Medicare and/or Medicaid services.

Search Medicare/Medicaid Exclusions (OIG List)

Individuals who do not have a prior screening must be manually checked in the Office of Inspector General (OIG) List of Excluded Individuals and Entities (LEIE) upon initial screening. Once an individual has a record in the BGS system an automated review of the OIG LEIE will occur when the list is updated every 30 days.

When you **select the ‘Perform OIG Search’ button** you will be redirected to the OIG’s website. Follow the instructions to search for the individual and complete the OIG LEIE search. Close the OIG website and return to the BGS OIG Search page.

Check the appropriate affirmation option to confirm that either the search was conducted or if a search is not applicable for your Provider Type. Select the ‘Next’ button to continue.

Note: Health care providers that receive federal funding that employs an individual on the LEIE may be subject to civil monetary penalties (CMP). Individuals on the Exclusion List are not eligible for employment with providers of Medicare and/or Medicaid services.

Initiate Agency Review

If an individual has been screened by another specified agency **and** entered into the Clearinghouse, a provider may request an agency review **at no cost**. This will allow the specified agency to make an eligibility determination for employment purposes. Benefits of requesting an agency review include the following:

- Agency Review requests are **FREE** for the provider and individual.
- The applicant or employee does NOT need to visit a Livescan location and submit new fingerprints.
- The provider will receive a copy of the public rap sheet after initiating an agency review.

To initiate an agency review for an individual, select the **'Initiate Agency Review'** button.

Search Medicare/Medicaid Exclusions (OIG List)

Individuals who do not have a prior screening must be manually checked in the Office of Inspector General (OIG) List of Excluded Individuals and Entities (LEIE) upon initial screening. Once an individual has a record in the BGS system an automated review of the OIG LEIE will occur when the list is updated every 30 days.

When you **select the 'Perform OIG Search' button** you will be redirected to the OIG's website. Follow the instructions to search for the individual and complete the OIG LEIE search. Close the OIG website and return to the BGS OIG Search page.

Check the appropriate affirmation option to confirm that either the search was conducted or if a search is not applicable for your Provider Type. Select the 'Next' button to continue.

Note: Health care providers that receive federal funding that employs an individual on the LEIE may be subject to civil monetary penalties (CMP). Individuals on the Exclusion List are not eligible for employment with providers of Medicare and/or Medicaid services.

The retention of fingerprints provides a cost savings for applicants that are in the Clearinghouse but have had a lapse in employment greater than 90 days. If there has been a 90-day lapse in employment, these applicants would only require a new national criminal history check – a resubmission of the retained fingerprints. A new state criminal history search will also be conducted, at no additional charge.

To initiate a Resubmission for an individual, select the **'Initiate Resubmission'** button.
