

Dual Diagnosis Treatment Subcommittee: Recommendation Tracker

This document is used to capture key insights, gaps, and emerging recommendations from each Subject Matter Expert. It will serve as the basic framework for the development of each recommendation deriving from the Dual Diagnosis Treatment subcommittee.

Draft Recommendation	Proposed Agency Responsible for Implementation	Key Insights	Identified Gap(s) to be Addressed	Funding Estimate for the Recommendation
Update eligibility requirements for IDD n MH Waivers	APD – Medicaid	Current eligibility requirements leave many families in need. Also, MH diagnoses are making diagnoses unclear.	Current APD waiver is lacking: Companion Services – Medicaid Behavioral Services – Medicaid Supportive Employment – ARC n others Above from NAMI and FLBHCon attendees.	Funding distribution from Medicaid vs Waiver.
Tiered Payment of providers based on level of functioning(diagnoses)	APD – Medicaid	Same pay for unequal needs / services.	Review all tiered eligibility payment schedules. ABA to Personal Care.	Unsure of increase.
Increased Training and Education.	USF Center for Behavioral Health Workforce and others	Fund and encourage enhanced training and education paths for behavioral health employment.	Lack of work staff.	Unsure of increase.
Ensure 988 viability	Medicaid – DCF -AHCA-APD	Continue to seek long term funding for 988 and it's call centers	Inadequate long-term funding. Inadequate staffing for future growth.
