INTRODUCTION:

Cristobal Perez, DCF Refugee Services Program Analyst welcomed everyone and called the meeting to order.

PRESENTATIONS:

Kristen Bloom, Director, Syrian Refugee English Tutoring Program, provided an overview of the program. “What started as a way to help has become so much more. Our Syrian family is now considered to be our family. They have adopted us as much as we have adopted them. We spend lots of time together, playing with the children, eating the best Middle Eastern food we’ve ever had, talking, watching TV. Every chance we get, we are together. There is so much happiness and laughter and yes, sometimes serious talks as they share pieces of their brave journey. Through our conversations, the English improves constantly. “

Currently, this volunteer program is assisting 19 Families in Miami-Dade and Broward, it has 45 tutors and counting. They go into the home and provide informal lessons with no defined curriculum, but the goal is English language acquisition, by teaching how to communicate and to navigate life in the U.S. The program seeks to build community by teaching refugees about life in the U.S., but also learn about the refugee and connect families to resources and advocate for them. Tutors accommodate their schedule to meet the refugee’s individual needs. The tutors are the eyes and ears of this new program and they alert the program of any concerns/issues.

Ulises Pacheco, from DHSMV shared some important updates and changes taking place with Driver licenses and ID cards. Starting in August 2017, the Florida Department of Highway Safety and Motor Vehicles will begin issuing a new, more secure Florida driver license and ID card. By the end of December 2017, the new credential will be available at all service centers throughout Florida and online. Previous driver license and ID cards will still be in use alongside the new credential until replaced or phased out.

Refugee Services:

Lourdes Leconte, DCF Refugee Services Liaison shared with the resettlement agencies of a communication that was sent to service providers regarding reduction of funding with the loss of Cuban Haitian Social Services Set-Aside funding for next fiscal year. One critical program that will close is the Jackson Health and Special Medical cases for Cuban/Haitians. This valuable resource will end on September 30th.

DCF contractual services are streamlining programs and focusing on career laddering programs, to help strengthen the skill capacity of newly arrived refugees.

Refugee Health:

Niurka Duncan, Florida Department of Health Miami Dade County, informed the resettlement agencies of the significant drop of newly arrived clients they are seeing for initial health screenings. They are averaging 20 people per day, where at the same time last year, it was roughly 200. Currently, staff is contacting all entrants that arrived within July 2017, to make sure that screening and immunizations have been started. The Health Department has gone back to normal operating hours of Monday-Friday, from 7:30am to 5:00pm. There is no longer a late shift.

Parolee Orientation Program:

Month	Total	Cuban	Haitian	Left the county
July 2017	190	136	54	
YTD Jan-June	1658	1188	470	

Oscar Rivera, Church World Service, informed the resettlement agencies of a new partnership with the Florida Department of Health. Working together, POP is providing information to eligible clients at the Health Department, to capture the number of Cuban/Haitians arriving to the community. This new

outreach effort started in July. One thing noted, most of clients that are going to the Health Department, have already been to DCF or to one of the RAs and are receiving services.

Parolee Orientation Program (POP) continues to discuss possible solutions to make sure clients are being informed of the services available to them in the community. Possible solutions include redesigning information flyer that is given to folks entering under Family Reunification visa program. Community Access partner is also willing to accept orientation information to be given at their locations.

Discussion on current MG numbers. Agencies were given the go ahead to continue enrolling to new allocated numbers. Agencies will reach between 89-90% of previously approved MG slots for the south Florida region. Agencies continue to await for proposed budget for FY18, proposal is due to ORR on August 31st. MG program will be reduced by 30% for FY18, but the per cap will be increased to \$2500.

Discussion also revolved around the remaining MG slots across the nation. The low number of MG candidates being enrolled is worrisome to the agencies. All agencies are conducting outreach efforts to be able to complete the assigned quota for South Florida area. There are roughly still 908 slots to fill by end of September. ORR is providing key exceptions to enrollment past 30 days of Cubans who are being released from detention centers. Agencies encouraged to request exceptions.

EDUCATION SUBCOMMITTEE MINUTES – OCTOBER 2017

EDUCATION SUBCOMMITTEE MEETING

October 2017

- ❖ REVEST successfully began classes for the current cycle on September 6, 2017 and we currently have over 2800 students registered for VESOL classes in our four Centers. The term will end December 20, 2017. Regarding the Spring term 2183 (January 10-April 28 2018) 29 Orientation Sessions are scheduled. About 1,020 students will be tested using the Pre-CASAS placement test. 86 classes are programmed for the Spring Term.
- ❖ REVEST continues registrations for the Fall 2177, which began on August 28th, 2017, and we have already served around 100 new students.
We have recently held individual and group vocational retraining sessions for advisors, with the participation of CE coordinators, who continually help us expand our knowledge about the new changes in the MDC Information System.

- ❖ Faculty meetings were conducted with all REVEST instructors Sept. 28, 29 2017. Topics included establishing a Florida I.D. to assist in establishing Florida residency, professionalism in the workplace, and strategies to enhance the interactive classroom.
- ❖ REVEST celebrated Hispanic Heritage Month on Oct. 4, 2017 at Wolfson Campus, Miami Dade College. REVEST students showcased their talent through song, dance and speech. A great time was had by all and great appreciation for all of the contributions from our multicultural community.
- ❖ The REVEST program has been downsized as a result of a 23% budget cut from the Federal government (Office of Refugee Resettlement). This cut represents \$1.6 m per year. One of the four centers is closing as of 12/31/2017. The West Dade Outreach Center closing is located at 9708 S.W. 24 St., Miami, FL.
- ❖ This budget reduction will impact approximately 1,000 new students to be accepted into the program this year. Attempts will be made to relocate close to 900 students currently enrolled at the West Dade Outreach Center to one of the other remaining REVEST centers. Over 35 positions, including instructional and support services personnel, will be eliminated. All other Refugee Service providers in the State have also been affected (i.e. SAVES from MDCPS, Youth Coop, Career Source, Catholic Charities, etc).
- ❖ The total SAVES Program enrollment as of September 26, 2017, was 2,683. Of these, 814 are new students to the program and 237 are 16 to 18 youngsters enrolled in the SAVES GED in Spanish Program. Graduations were held at the end of the term. This program has proven to be an excellent alternative for refugee youth that would otherwise not make it in the regular high school programs. Students are graduating and continuing to study English and choosing a career pathway either through vocational/technical training or transitioning to MDC.
- ❖ The current trimester began on August 21, 2017 and ends December 22, 2017. The next trimester begins on January 9, 2018 and ends April 6, 2018.
- ❖ Students ready for vocational/technical courses not offered at their current schools are being issued vouchers for books and tuition at Baker Aviation and Miami Lakes Technical Colleges. There are 42 students enrolled at these schools.
- ❖ SAVES works closely with the M-DCPS marketing department to reach out to the community and disseminate information about the SAVES programs. SAVES is currently advertising via newspaper, radio, career fairs, and opening of school meetings. New SAVES Website and Marketing Video for M-DCPS

technical colleges are available through the following links: www.savesdadeschools.com and <https://youtu.be/pttdZJ5ssLw>.

- ❖ The GED in Spanish SAVES program is available in 8 schools around Miami Dade County: 1) Hialeah-Gardens SHS, 2) Westland Hialeah SHS, 3) Hialeah Adult Education Center, 4) Hialeah-Miami Lakes Adult Education Center, 5) Miami Springs Adult Education Center, 6) Robert Morgan Educational Center and Technical College, and 8) Miami Coral Park Adult Education Center. It is also offered at 9) Booker T. Washington and 10) Miami Jackson Senior High School where the student population is the unaccompanied minors. Another school (TBA) in the south end of the county will soon offer the SMA program.
- ❖ New SAVES success stories, which highlight the achievements of some of our students, have been uploaded to the SAVES website (www.savesdadeschools.com). In addition, two success stories posters were published and they are displayed throughout the county.
- ❖ If you have any questions about our program, you can call us or visit the SAVES website at www.savesdadeschools.com.
