

# Certified Batterers Intervention Programs

## Enrollment

The department requests that all certified programs provide demographic, enrollment, and discharge information on court ordered perpetrators of domestic violence. The data below reflects statewide enrollment from 77 percent of the state's certified programs during the fiscal year.

During the FY2004-2005, 4465 individuals participated in the program with 40.5 percent completing the program and 59.5 percent terminating from the program for various reasons. The median age of participants was thirty-three years of age, with the youngest at eighteen years of age and the oldest at ninety-four years of age, and the mode was twenty-nine years of age. Please note that the entry of "unknown" on the following table is due to incomplete responses to survey questions filled out by program participants.
