

Draft Agenda for Seclusion and Restraint Web Event **2013**

Target Audience: Substance abuse providers, Baker Act receiving facility staff, and others involved in the Baker Act and Marchman Act process.

Purpose: To ensure that key personnel fully understand their responsibilities related to the use of seclusion and restraint, with a focus on minimizing the use of these mechanisms.

Program Overview: This Webinar and PowerPoint presentation will address issues specific to the use of seclusion and restraint.

Program Objectives: Upon completion of this webinar, participants will be able to:

- Define restraint, seclusion and time out
- Describe legal requirements for the use seclusion and restraint, such as physicians orders, time limits, new and renewal orders, monitoring and assessment, and reporting
- Discuss approaches to the minimization of seclusion and/or restraint

Methodology: Lecture, PowerPoint presentation, and questions/answers.
