## **FASAMS Job Aid**

## SFTP file upload

- 1. An SFTP client will have to be installed prior to being able to upload files via SFTP process. FEI Systems recommends to use either WinSCP or FileZilla SFTP clients.
- Open the SFTP client of your choice and enter the Host name, User name, and Password. Use the UAT URL as the Host name (contact <u>FASAMS.support@feisystems.com</u> if you do not know the URL). Enter your FASAMS portal credentials for the User name and Password. Click Login.
