MEMORANDUM

DATE: May 17, 2021
TO: Members of the Jacksonville Area Refugee Task Force
FROM: LeAndra Stafford, Refugee Services (RS)
SUBJECT: May 12, 2021, Meeting Minutes

THE NEXT TASK FORCE MEETING IS SCHEDULED FOR:

Date: July 14, 2021
Time: 1:30 P.M. - 3:30 P.M.
Location: TBD
Contact: LeAndra Stafford
Office: (904) 485-9540
Cell: (904) 524-1316
E-Mail: Leandra.Stafford@myflfamilies.com

This task force has been active in the Jacksonville area for many years. The participants are representatives of various government agencies, private not-for-profit organizations, and mutual assistance associations. An average of about twenty-five to thirty people attend these meetings on a regular basis. The purpose of these meetings is to increase awareness of the refugee populations, share best practices, build collaborations between agencies, spot trends in refugee populations, characteristics or movements, help create good communication among service providers; get informed about upcoming community events, request for proposals, training, workshops, conferences, etc., at the local, state and national level; discuss refugee program service needs and possible solutions to meeting those needs. Meeting participants also receive updates, information and clarification on new federal and state regulations and policy changes pertaining to refugees.

If there are any issues that you would like to include in the agenda, please contact me at the above address.

I look forward to seeing you at the meeting!

There were 26 people in attendance on Microsoft Teams virtual meeting. Guests included: Lance Gambis, FBI and Shontrell Anderson, Dept of Labor. David Draper, Community Liaison Manager, as well as several DCF staff was also in attendance. The meeting was called to order and participants identified themselves by agency.

GUEST PRESENTATION

- 1.) Yulonda Thompson, NER Care Coordinator Supervisor, Department of Children and Families

DCF Care Coordination Program

- The Department of Children and Families, Office of Economic Self-Sufficiency is excited to announce our Care Coordination program in the Northeast Region.
- Our Care Coordinators will assist customers One on One to help them identify and overcome barriers so they can be self-sufficient. With the help of our partners, we aim to help members of our community attain economic independence.
The NER has 15 care coordinators:
 - ❖ **Duval has 9:**
 - ❖ **Volusia has 4:**
 - ❖ **Alachua has 2**
- The referred client must live in the Northeast Region.
 - ❖ The referred client must be receiving SNAP and/or TANF benefits for at least 6 months and no more than 21 months.
 - ❖ The referred client must be between 18 and 49 years old.
 - ❖ The referred client must indicate they would like to participate in the program and are willing to meet with a Care Coordinator.
 - ❖ Clients that have been determined **disabled** and therefore unable to work will not be included in the program. However, clients that have a **temporary disability** and **will be able to return to work will be included on a case-by-case basis.**
- Our Care Coordination Senior Clerk (Senior Clerk) will screen the referrals to ensure the clients referred meet the eligibility criteria. Once the client has been deemed eligible then they will be assigned to a Care Coordinator. The Care Coordinator will then contact the client to schedule a meeting within (2) business days of receiving the referral.
- During the initial meeting, the Care Coordinator will complete an assessment to identify the client's primary barriers. Once the assessment is completed and barriers have been determined a Care Plan will be created. The Care Plan will

contain the barriers that the client sees as preventing them from becoming self-sufficient, as well as the steps and services needed to remove those barriers.

- Each Care Plan will be written based on the unique barriers and needs of each client. However, the goal will always be the same of becoming economically self-sufficient, no longer in need of or reducing their dependence on SNAP and/or TANF benefits. Then the Care Coordinator will determine what services are available in the community to eliminate the client's barriers.
- Our Care Coordinators goal is to improve our clients experience of receiving government assistance and to help reduce per capita costs in the process. For this program to be successful it is going to require many moving parts: Internal and external partnerships-Economic Self-Sufficiency, Adult Protective Investigations, Child Protective Investigations, and our community partners.
- At any given time, the client can request to no longer participate in the program. There is no penalty, should the client have a change of heart at any given time they can come back to the program. However, a new assessment will be required. The only way a client will be discharged from the program is if: the client fails to cooperate with the program and if the client is no longer receiving benefits.
- The outcome achieved will be success, opportunity, and future self-sufficiency
- Community partners can make a referral or ask question for care coordination to yulonda.thompson@myflfamilies.com to submit a referral
