ISSUES/ACTION TAKEN

Luis Rolle, Director, Office of Field Policy & Management, U.S. Department of Housing and Urban Development (HUD) updated the members on the April 1, 2021, HUD submitted a Federal Register notice withdrawing the unfinalized Mixed Status Rule. HUD welcomes immigrant communities. Under the current administration, HUD will ensure and encourage immigrant communities to access to all available housing assistance under the law.

- Eligibility for HUD Covered Programs will remain the same. As a result of HUD's action, nothing will change as to the treatment of mixed-status families under HUD Covered Programs.
- HUD's action prevents harm to families. The Mixed Status Rule would have resulted in the

eviction or removal of roughly 22,000 families from housing assistance, including over 92,000 individuals and at least 46,000 children—many of whom are clearly eligible for HUD assistance. By preventing evictions and providing certainty on the eligibility criteria, this action will prevent homelessness and unstable housing among an already vulnerable population.

- HUD’s action keeps families together. With today’s action, HUD asserts its strong commitment to immigrant rights and preventing family separation.
- HUD’s action bolsters fair housing efforts. Today’s action reduces the possibility of using eligible immigration status as a pretext for discrimination against individuals based on their race and national origin. The MIXED STATUS RULE WITHDRAWAL – FACT SHEET was distributed to all members. Luis Rolle and Michael Gordon contact information: Michael.J.Gordon@hud.gov or (Phone) 305-520-5002.

Rescheduling Biometric Services Appointments by Phone:

We announced on May 11, 2021 that applicants, petitioners, requestors and beneficiaries may now call the USCIS Contact Center (800-375-5283) to reschedule their biometric services appointments scheduled at a USCIS Application Support Center. Previously, applicants had to submit requests in writing to reschedule their biometrics appointments. This change helps eliminate undue paperwork and allows USCIS to track the request through a more efficient process.

Applicants must establish good cause for rescheduling and must call before the date and time of their original appointment to reschedule. If an applicant fails to call before the scheduled appointment or fails to establish good cause, USCIS may consider the application, petition, or request abandoned and, as a result, it may be denied.
